DENTAL CARE

Since February 2013, preauthorisation for Health Canada's dental care services is performed by the **National Dental Predetermination Centre located in Ottawa.**

Health Canada's Dental Care program covers care and services when these are not covered by Quebec's health insurance plan. Client eligibility is described in the following table.

ELIGIBLE CLIENTELE	
RAMQ	NIHB
- Children nine years of age or under (excludes: cleaning, periodontal scaling and fluoride) - Provincial income security recipients  <i>See the Provincial Health Care and Services section</i>	- The costs for cleaning, periodontal scaling and the application of fluoride and sealants for children ages nine years or under - First Nations members ten years and up (on- and off-reserve) - Income security recipients on-reserve

The services covered by Health Canada are described in:

- The Dental Benefits Guide (appended);
- The NIHB information booklet, pages 8 to 14.

Certain types of services provided by the Dental Care program must be preauthorised by Health Canada. All requests from professionals/providers are received and authorised by the National Dental Predetermination Centre in Ottawa.

Usually, in Quebec, the professionals/providers are quite familiar with how Health Canada operates. However, sometimes problems arise when attempting to access the care and services.

This section will enable you to better understand the request processing process for dental care and services. You will also find a list of commonly encountered problems as well as possible solutions in order to address these situations.

In this section, the term “professional/provider” includes dentists, dental care specialists (endodontists, periodontists, orthodontists, prosthodontists, etc.) and denturologists.

REGULAR DENTAL CARE REIMBURSEMENT PROCESS

HOW MUST THE PROFESSIONAL PROCEED IN ORDER TO OBTAIN REIMBURSEMENT FOR DENTAL CARE?

All the professionals/providers who wish to provide services to the First Nations and use the online billing system must be registered/connected to a national electronic system linking them directly to Health Canada.

Express Script Canada (ESC) is an organisation that uses an electronic system allowing the professionals/providers to bill Health Canada directly for the treatments provided.

ESC is also the organisation responsible for auditing the financial statements and the accuracy of the invoices submitted by the professionals/providers. It has the power to recover money when irregularities are found in the billing. **ESC has no power related to the authorisation of dental care and services.** It is just the organisation responsible for financial management.

If the professional is not registered with ESC, they can contact the toll-free inquiry centre intended for providers (1-888-511-4666) to receive support for the registration steps.

REGULAR REIMBURSEMENT PROCEDURES OF THE PROFESSIONALS/PROVIDERS

The professional/provider **must seek predetermination** for the majority of the dental care services before providing any care or treatment to the client.

 *See important note*

Predeterminations must be performed by mail only. Once it is mailed, the professional/provider will then obtain a predetermination number to be included on the invoice sent to ESC in order to receive reimbursement from Health Canada.

The professional must forward to the National Dental Predetermination Centre:

- A Dent-29 form duly completed by the professional/provider;
 *See the appended form.*
- The x-rays;
- Any other diagnostic aid.

All the documentation must be transmitted to the following address:

EXCEPTION FOR PREDETERMINATION BY MAIL

The only types of dental care that can be predetermined by telephone or fax are dentures.

National Dental Predetermination Centre

Telephone: 1-855-618-6291

Fax: 1-855-618-6290

Any other predetermination requests for care and treatment must be sent by mail.

IMPORTANT NOTE

the predetermination performed by the professional:

Predetermination for dental care services is particularly important due to the fact that there are many exceptions and specific types of care that can be approved depending on certain conditions (position of the tooth in the mouth, treatment history, etc.).

See NIHB information booklet, pages 8 to 14.

It should be noted that if no predetermination is requested from the National Dental Predetermination Centre, the professional is at-risk of providing services to the patient that will not be eligible for the program and for which all of the costs must be covered by the patient. It is also possible that Health Canada's reimbursement will be lower than what the professional/provider wishes to charge the client.

Note that, at all times, patients must be informed regarding what they will be required to pay before receiving their services. Then the patients can decide whether or not they wish to receive the service.

PROBLEMS RELATED TO DENTAL CARE REIMBURSEMENT

WHY IS THE PROFESSIONAL/PROVIDER ASKING THE CLIENT TO PAY FOR THEIR SERVICE?

Usually, it is the dental care and services professional/provider who deals directly with Health Canada for predetermination and billing purposes. The client is therefore not required to pay with their own money.

However, certain circumstances can cause the professional/provider to ask your client to pay in order to access the health care and services that they need.

There are five possible reasons:

Reason 1

The professional/provider refuses to collaborate with Health Canada in order to receive payment for the services or the professional is unfamiliar with Health Canada's reimbursement process.

Reason 2

The client did not indicate their First Nations status to the professional/provider.

Reason 3

There is a difference in cost between the amount reimbursed by Health Canada and the amount being billed by the professional/provider (overbilling).

Reason 4

Non-respect for the frequency limits in the client's file (i.e. not enough time has passed between two treatments).

Reason 5

The dental care being requested is excluded from the program.

Reason

The professional/provider refuses to collaborate with Health Canada to receive payment for the services or the professional is unfamiliar with Health Canada's reimbursement process.

SOLUTIONS

1. You can ask the professional/provider to contact the National Dental Predetermination Centre for more information on the billing system (ESC) and the process for obtaining reimbursement;

Health Canada's National Dental Predetermination Centre: 1-855-618-6291.

2. You can help the client to find another professional/ provider who is willing to collaborate with Health Canada;

See the appended list of the professionals/providers by region.

3. Your client can accept to pay the invoice and then seek reimbursement from Health Canada.

See important note

In this case, the client must forward by mail:

- The professional/provider's **original** invoice;
- A Dent-29 form duly completed by the professional.

See the appended form.

All the documentation must be forwarded to the following address (a period of 30 days must be expected for reimbursement).

IMPORTANT NOTE

The predetermination of the dental care by the client.

Ideally, the client must seek predetermination from Health Canada's National Dental Predetermination Centre **before** their appointment in order to ensure that the services being requested are eligible for reimbursement.

If the client does not obtain predetermination, they are at-risk of receiving services that are not included in Health Canada's Dental Benefits Guide and therefore ineligible for reimbursement. The client will be obligated to pay them completely.

Reason

2

The client did not indicate their First Nations status to the professional/provider.

SOLUTION

If the client has already paid the bill, the client can file the claim on their own in order to receive reimbursement. The client must send by mail:

See important note

- The provider's **original** invoice;
- A Dent-29 form duly completed by the professional.

See the appended form.

All the documentation must be forwarded to the following address (a period of 30 days must be expected for the payment):

IMPORTANT NOTE

The predetermination of the dental care by the client.

Ideally, the client must seek predetermination from Health Canada's National Dental Predetermination Centre **before** their appointment in order to ensure that the services being requested are eligible for reimbursement.

If the client does not obtain predetermination, they are at-risk of receiving services that are not included in Health Canada's Dental Benefits Guide and therefore ineligible for reimbursement. The client will be obligated to pay them completely.

Reason

Difference in cost between the amount reimbursed by Health Canada and the amount being billed by the professional/provider.

As a general rule, the dental care professionals/providers set their prices while referring to the fee schedule established by the *Association des chirurgiens dentistes du Québec* (ACDQ). In parallel, Health Canada also provides its own fee schedule for reimbursements based on a percentage of the amounts reimbursed recorded in the fee schedule of the ACDQ.

No provider is obligated to apply the fee schedule proposed by Health Canada. This schedule features Health Canada's suggested rates and is based on an acceptable evaluation of the costs in Quebec. However, Health Canada does not reimburse rates higher than the amounts indicated in its fee schedule.

In most cases, the fee schedule does not cause any problems and the professionals/providers are satisfied with the compensation for the delivery of services to the First Nations clientele.

However, over the past few years, we have noticed that certain professionals are not respecting Health Canada's rates and that an increasing number of clients are forced to cover a residual amount for their treatment.

For example: The dentist bills an amount of \$30 for two x-rays (one for each side of the mouth) in the context of a routine examination. According to Health Canada's fee schedule, an amount of \$25.78 will be reimbursed to the provider. It is therefore possible that the client will be obligated to cover the difference of \$4.22.

This overbilling can also apply to all the other services provided by the professional/provider (cleaning, fillings, root canal treatment, etc.). When adding up all of the amounts that could be charged to the client, the total amount could end up being considerable.

The professional/provider must inform the client of any differences in cost **before providing the service to them**. The client can then decide whether or not they wish to receive the service.

SOLUTIONS

1. You can help the client to find another professional/provider who is willing to respect Health Canada's reimbursement rate schedule;
 *See the appended list of professionals/providers.*
2. The client can accept to cover the difference being billed by the professional.

If you experience a problem related to overbilling in your region, you can contact the FNQLHSSC and ask to speak with the Health Care Liaison Agent.

We will ensure that follow-up with Health Canada is carried out. Other similar cases may have been identified in your region and by being informed of these types of cases, the FNQLHSSC will be able to take the necessary steps to correct the situation.

Health Care Liaison Agent (FNQLHSSC): 418-842-1540.

Reason

Non-respect for the frequency limits in the client's file (e.g. not enough time has passed between two treatments).

Some types of dental care or services are subjected to frequency limits before they can be approved again by Health Canada.

For example: An adult is entitled to one (1) set of dentures for each period of eight (8) years. If the client requests a new set of dentures before this period of time has passed, the request will automatically be denied.

However, if there is a medical condition justifying a new set of dentures, it may be possible to reach an agreement with the National Dental Predetermination Centre (1 855-618-6291) in order to evaluate the situation. If Health Canada continues to deny benefit coverage, the client can resort to the appeal process.

See the appended dental care appeal process and appeal letter.

SOLUTIONS

1. The client has the option to pay to immediately receive the service but will not be eligible for reimbursement from Health Canada;
2. The client can wait for the time limit to expire and then access the services free-of-charge;
3. For exceptional cases, the client can reach an agreement with the National Dental Predetermination Centre to have the situation evaluated: 1-855-618-6291.

Reason 5

The dental care being requested is excluded from the program.

Some types of dental care constitute a program exclusion (examples: implants, whitening, etc.). Reimbursement for dental program exclusions is denied automatically and cannot be appealed.

See the dental program's exclusions in the NIHB information booklet on page 12.

SOLUTIONS

1. The client has the option to pay to have access to the service but will not be eligible for reimbursement from Health Canada;
2. The professional/provider can be asked to consider alternative treatment and to seek predetermination for its coverage by Health Canada.

National Dental Predetermination Centre: 1 855 618-6291.

Frequently Asked Questions

DENTAL CARE

HOW DOES DENTAL CODING FOR THE PROFESSIONALS/PROVIDERS WORK?

Health Canada's National Dental Predetermination Centre as well as the professionals/providers use a wide range of codes that are connected to dental care services and the positions of the teeth in the mouth.

The following figure indicates the numbers corresponding to the teeth of adults and children.

For example, the invoice or treatment plan from your provider could indicate the following:

CODE	TOOTH NUMBER	PRICE	TREATMENT
33300	26	\$676.71	33300 : Root canal treatment on tooth #26.
02142	-	\$25.78	02142 : Two basic x-rays for a routine examination.
23222	16	\$134.42	23222 : A white composite filling on tooth #16.
		Total : \$836.91	

WHAT IS HEALTH CANADA'S COVERAGE FOR ROOT CANAL TREATMENTS?

- As a general rule, this care is covered for all teeth except for the last molars (teeth #17-27-47-37) and wisdom teeth (teeth #18-28-38-48);

- Root canal treatments on an adult's anterior teeth can be performed without preauthorisation;
 See important note
- Root canal treatments on the posterior teeth (last molars and wisdom teeth) must however **always** be preauthorised;
- If one of these posterior teeth is in need of root canal treatment and this tooth is essential to supporting a bridge or dentures or if it is the last remaining molar, the National Dental Predetermination Centre could make an exception and authorise root canal treatment for this tooth;
- Root canal treatment approval can be subjected to an analysis on a case by case basis and can also be influenced by other factors such as the client's oral hygiene history.

IMPORTANT NOTE

Health Canada nonetheless suggests to dentists that they should seek predetermination for all root canal treatments since these types of treatments on the anterior teeth are subjected to auditing (recovery) if they do not meet the program's criteria.

WHAT IS HEALTH CANADA'S COVERAGE FOR CROWNS?

WHAT IS A CROWN?

A crown can serve to cover a damaged portion of a tooth and protect it from additional damage. It can be needed in the following cases:

- Following root canal treatment;
- A large filling in a tooth;
- A broken tooth.

Canadian Dental Association

- The professional must **always** seek predetermination for the installation of a crown by Health Canada's National Dental Predetermination Centre.
- Since November 1, 2012, there is a frequency limit of one crown every three years (36 months). If the client requires a second or third crown, the professional/provider must request that an exception be made by the National Dental Predetermination Centre (e.g. car accident, fractured anterior teeth, etc.).
- As a general rule, the crown will be authorised for a tooth only if it is too damaged to receive a filling as treatment. The professional must provide the x-rays and other necessary information in order to justify the installation of the crown.
- Other factors will also be considered in order to ensure that the crown is the most cost-effective and beneficial treatment. For example, the client must not have the appearance of bone loss, the tooth must not be mobile, the client must have good oral hygiene, etc.
- If the client's particular condition does not justify the installation of a crown and the client refuses to pay for it, extraction can be considered free-of-charge for the client.

Situation scenario: A client receives root canal treatment and their dentist suggests a crown to complete the treatment. The dentist must seek predetermination for the crown's installation.

If it is possible for the dentist to complete the treatment with a filling, the crown will not be covered by Health Canada. However, if the surface to be covered is too significant for a filling, a crown may be reimbursed.

WHAT IS HEALTH CANADA'S COVERAGE FOR WHITE COMPOSITE FILLINGS?

Amalgam filling = grey filling

Composite filling = white filling

AMONG PEOPLE AGES 10 YEARS AND UP:

White composite fillings are covered for all teeth (anterior and posterior);

If baby teeth are still present after nine years of age, Health Canada will provide coverage for one white filling.

AMONG CHILDREN AGES 9 YEARS AND UNDER:

Coverage for fillings is provided by the *Régie de l'assurance maladie du Québec* (RAMQ). The anterior teeth (front teeth, incisors and cuspids) are eligible for white fillings while the posterior teeth (premolars and molars) can only be restored with grey fillings;

The RAMQ's dental care coverage for children does not include cleaning or periodontal scaling. Health Canada therefore provides coverage for these services according to the frequency limits imposed by the NIHB Program.

Situation scenario: A seven year old child has a cavity on a molar.

(#55-65-74-75-84-85 see image below) The dentist must therefore provide a grey filling and then bill the RAMQ. If the child prefers a white filling, the charges must be covered by the parents.

WHAT IS THE NIHB PROGRAM'S COVERAGE FOR DENTURES?

Dentures (both complete and partial) are eligible once every period of eight (8) years. Predetermination is required.

See the NIHB information booklet, page 10.

Reimbursement approval for dentures before the deadline requires a case by case analysis. Certain medical conditions can justify a new set of dentures before the imposed frequency limit. It is therefore possible to ask Health Canada to analyse the file.

However, if the client has lost or broken their dentures, the responsibility is entirely theirs. If the dentures break or are lost near the expiration of the frequency limit (a few months before the period of eight years expires), the client can ask Health Canada to analyse the situation.

In this situation, the client is recommended to send a denture replacement request in writing to the National Dental Predetermination Centre. This process does not guarantee coverage for the dentures, but it does allow for an improved evaluation of the situation by Health Canada's dental care team.

APPEAL PROCEDURES FOR DENTAL CARE

In this section, the term “professional/provider” includes dentists, dental care specialists (endodontists, periodontists, orthodontists, prosthodontists, etc.) and denturologists.

If reimbursement for a service related to dental care is denied by Health Canada, there are three possible levels of appeal in order to attempt to overturn Health Canada’s decision and allow access to the care.

The process is practically the same for all three levels of appeal.

In summary, the appeal processes consist of sending a letter signed by the client expressing their disagreement with Health Canada’s decision and requesting a review of their file.

See the appended example of a letter of appeal.

Sending this letter will allow for initiating the appeal process. Health Canada will then review the client’s entire file once again.

You can support your client in their process, but **it is necessary for it to be initiated by the patient or their legal guardian, meaning that they must sign the letter of appeal.**

In order to optimise the chances of the response being positive and decrease the delays associated with Health Canada’s processing of the file, it is important for the letter to be structured properly.

PRACTICAL ADVICE IN ORDER TO PROPERLY PREPARE A LETTER OF APPEAL:

It is **necessary** to properly understand the reasons why the dental care was denied. These reasons will be needed in order to draft the letter of appeal.

- You can call the National Dental Predetermination Centre and ask an agent to verify the reasons for the denial that are recorded in the patient's file. Take notes on the reasons for the denial.

National Dental Predetermination Centre: 1-855-618-6291.

- You can ask the dental care professional/provider to explain why the service was denied. It is preferable to have a good collaborative relationship with the professional/provider when proceeding with the appeal process, since additional information could later be required from them.
- Verify the exclusions and exceptions in the dental care framework or in the NIHB information booklet (page 12). If the requested service is a program exclusion, an appeal is not possible. An exclusion is automatically rejected.

You can also refer to the NIHB booklet, pages 31 and 33.

THINGS THAT COULD BE INCLUDED IN THE LETTER OF APPEAL:

- **The client must clearly express their disagreement with Health Canada's decision;**
- **Describing and justifying the need for the dental care or service in question.**
 - The client should describe the required treatment or service and clearly explain why they need it (diagnosis);
- **Listing and emphasising the health problems associated with the denial of the treatment.** For example: pain in the gums, difficulty swallowing, inability to chew properly, impact on work performance due to intense pain, etc.;
- **Listing the alternative solutions that were tested before this treatment,** if applicable;
- **You can make use of your notes on Health Canada's motives and reasons that you collected.**
 - The client must be able to justify their need in such a way as to demonstrate to Health Canada that the service is the best option for them. More specifically, it is necessary to justify the need and focus on the consequences if treatment is denied.

See the appended example of a letter of appeal.

It is important to include as much information as possible in the letter of appeal.

OTHER RELEVANT DOCUMENTS TO BE INCLUDED WITH THE LETTER OF APPEAL:

In certain appeal cases, medical justification could be required by Health Canada. You could then add to your letter of appeal:

- Supporting letters from a physician, maxillofacial surgeon, etc.;
- Results of relevant examinations such as x-rays;
- Any other relevant documents or additional information.

You will then have to contact the professional/provider to ask them to collaborate with you and justify in writing the client's need.

If you are experiencing problems related to collaboration with the professional/provider, you can always contact the Health Care Liaison Agent of the FNQLHSSC in order to obtain support for the steps to be taken.

Health Care Liaison Agent: 418 842-1540.

FIRST LEVEL OF APPEAL

DENTAL CARE

The letter of appeal signed by the client and the other supporting documents must be transmitted to Health Canada in an envelope labelled “**Appeals – Confidential**” to the following address:

National dental predetermination Centre

Non-Insured Health Benefits
First Nations and Inuit Health Branch
Health Canada
Postal Locator 1902D
2nd floor, Jeanne Mance building
200, Eglantine Driveway
Ottawa (Ontario) K1A 0K9

If the service that is being appealed has already been paid by the client, you must also include:

- The provider’s **original** invoice;
- The duly completed NIHB reimbursement form filled out by your client;
- The Dent-29 form duly filled out by the professional.

See the appended form.

SECOND LEVEL OF APPEAL

DENTAL CARE

If the client disagrees with the decision that was made by Health Canada following the first level of appeal, they can initiate the process for the second level of appeal.

See the appended example of a letter for the second level of appeal.

It is important to properly understand the reasons behind the denial during the first level of appeal and to use these reasons when drafting the letter of appeal for the second level. Once again, you can make use of the professional/provider's collaboration in order to justify the need for the treatment or service.

The client can simply modify the first letter of appeal by:

- Changing the date;
- Changing the title of the letter from “first appeal” to “second appeal”;
- Adding the required justifications.

You can support your client in their appeal process, but **it is necessary for it to be initiated by the patient or their legal guardian, meaning that they must sign the letter of appeal.**

The letter for the second level of appeal signed by the client in addition to the other supporting documents must be mailed to Health Canada and labelled “**Appeals – Confidential**” to the following address:

National dental predetermination Centre
Director, Benefit Management Division
First Nations and Inuit Health Branch
Health Canada
Postal Locator 1902D
2nd floor, Jeanne Mance building
200, Eglantine Driveway
Ottawa (Ontario) K1A 0K9

THIRD LEVEL OF APPEAL

DENTAL CARE

If the client disagrees with the decision made by Health Canada regarding their request in the context of the second level of appeal, they can send a last letter to the third and final level of appeal.

See the appended example of a letter for the third level of appeal.

The client can simply modify the second letter of appeal by:

- Changing the date;
- Changing the title of the letter from “second appeal” to “third appeal”;
- Adding the required justifications.

The letter for the third level of appeal signed by the client in addition to the other supporting documents must be mailed to Health Canada and labelled “**Appeals – Confidential**” to the following address:

Director General, Non-Insured Health Benefits
First Nations and Inuit Health Branch
Health Canada
Postal Locator 1902D
2nd floor, Jeanne Mance building
200, Eglantine Driveway

The FNQLHSSC can provide you with support and assistance for all of the steps you will take with your client. Our expertise in the area of health care and services allows us to provide you with guidance while helping you to develop strategies related to demonstrating your needs and resolving your clientele's access issues.

Examples:

- Support in the development of the letters of appeal;
- Contacts with the health professionals concerned by the problem and facilitation of the steps to be taken among them;
- Development of strategies in a concerted fashion with you and your client in order to access health care and services;
- Transmission of contact information for various contacts and other relevant information;
- Advice and interpretation of the dental care framework.

You can contact the Health Care Liaison Agent of the FNQLHSSC at any time in order to obtain support at 418 842-1540.

Re.: **First level of appeal for denied dental care coverage**

Dear Sir/Madam,

The purpose of this letter is to appeal the decision that was made not to provide coverage for the dental treatment I received on XXXX XX, 2013. In fact, my reimbursement request was denied and I do not agree with this decision. The care received is a root canal treatment that was carried out on one of my molars.

In order to understand the importance of this care, it is necessary to comprehend the context in which I received it. I did actually require this treatment in an emergency fashion since the pain I was feeling was preventing me from carrying out my professional duties. It is important to keep in mind that I am a police officer and I am therefore required to work long shifts, which does not allow me to lose precious work hours due to a dental problem. It was necessary for me to receive this emergency treatment, which was provided.

Moreover, my dentist has provided me with services for approximately 20 years and never before have we experienced any problems related to receiving coverage for my dental care from Health Canada. When I arrived at his clinic in pain, my dentist simply proceeded with the treatment that seemed the most appropriate at the time. This treatment did in fact allow for resolving my problem while allowing me to quickly resume my duties.

I contacted your services and received an explanation for the reasons behind Health Canada's denial regarding this treatment. Nonetheless, I refuse to disrupt the professional relationship that has been established between my dentist and I over so many years. The fact remains that this professional knows my history and I am certain that he provides me with the most appropriate care for my situation. Considering that it is increasingly difficult to find a professional who is willing to serve a First Nations member due to the associated administrative burden, having a good collaborative dentist is very valuable to me. If I am required to inform my dentist that this treatment will not be covered, he will automatically cease to provide me with services.

Furthermore, it is difficult for me to cover the costs associated with this type of treatment for which the total amount exceeds \$800. That is why I am asking you to provide me with assistance in reimbursing this treatment that was essential for my immediate quality of life as well as the prevention of other problems that may have surfaced in the absence of treatment.

I would like to thank you in advance for your understanding and, while hoping for a positive response on your behalf, please accept my best regards.

Dental Benefits Guide

**Non-Insured Health Benefits Program
November 2012**

This guide provides information on the Health Canada Non-Insured Health Benefits (NIHB) Program and its policies relevant to dental providers and clients. It explains the extent and limitations of the NIHB Program's dental benefits by describing the important elements of each associated policy. It also lists website addresses to provide dental providers and clients quick access to related forms and more detailed Program information. The guide is intended to supplement the information contained in the Dental Claims Submission Kit (<http://www.provider.esicanada.ca/dentists.html>) which explains the process for dental providers to submit claims for payment of services rendered to eligible First Nations and Inuit clients.

1.0 Introduction

The NIHB Program provides eligible First Nations and Inuit with a limited range of medically necessary health-related goods and services not provided through private insurance plans, provincial/territorial health or social programs or other publicly funded programs.

The benefits provided under the NIHB Program include prescription drugs, dental care, vision care, medical supplies and equipment, short-term crisis intervention mental health services, and medical transportation to access medical services not available on-reserve or in the community of residence.

1.1 NIHB Program Dental Benefits

The NIHB Program's dental benefit covers dental services, including: diagnostic, preventive, restorative, endodontic, periodontal, prosthodontic, oral surgery, orthodontic and adjunctive services.

The individual services are contained in the NIHB Regional Dental Benefit Grid and are based on the Canadian Dental Association (CDA) Uniform System of Coding & List of Services, Association des chirurgiens dentistes du Québec (ACDQ) Fee Guide, Fédération des dentistes spécialistes du Québec (FDSQ) Fee Guide, and Denturist Association of Canada (DAC) Procedure Codes Guide.

Terms and conditions for coverage are detailed in [section 3.0 of this guide.](#)

1.2 Purpose of the Guide

The *Dental Benefits Guide* summarizes the terms and conditions, criteria, guidelines and policies under which the NIHB Program covers dental services provided to eligible First Nations and Inuit clients.

As policies and procedures evolve, the guide is updated accordingly and dental providers are advised of these changes through the Program's newsletters and other communication tools (such as fax, mail outs).

Dental providers are advised to read and retain the most current version of the guide to ensure continued compliance with their NIHB provider enrollment. In the event of a contradiction between document versions, the provisions of the Health Canada web-posted guide, along with the latest NIHB dental publications and regional dental grids, will prevail.

2.0 General Principles

2.1 The *NIHB Dental Benefits Guide* and the *NIHB Dental Policy Framework* apply to the coverage of dental benefits by the Health Canada Regional Offices/National Dental Predetermination Centre/Orthodontic Review Centre or by First Nations or Inuit Health Authorities or organizations (including territorial governments) who, under a contribution agreement, have assumed responsibility for the administration and coverage of dental benefits to eligible clients.

2.2 Dental benefits are covered in accordance with the mandate of the NIHB Program. NIHB clients do not pay deductibles or co-payments. The NIHB Program encourages dental providers to bill the Program directly and not to balance-bill the clients so that clients do not face charges at the point of service.

2.3 The NIHB Program provides benefits based on policies established to provide eligible clients with access to benefits not otherwise available under federal, provincial, territorial or private health insurance plans.

2.4 The NIHB Program covers most dental procedures that treat dental disease or the consequences of dental disease.

2.5 Coverage of dental services is determined on an individual basis taking into consideration criteria such as the client's oral health status.

2.6 Some dental services are not covered under the NIHB Program, (e.g. extensive rehabilitation and cosmetic treatment). These services are defined as exclusions and cannot be considered for appeal.

2.7 Consistent with the NIHB Program policies for all benefits, the Program does not cover any dental procedures related to non-eligible dental services, nor does it cover dental procedures related to a dental service reviewed by the Program where it did not meet the established policies, guidelines and criteria.

2.8 Dental benefits must be provided by a NIHB recognized dental provider, i.e. a dentist, dental specialist or denturist, who is licensed, authorized, and in good standing with the regulatory body of the province/territory in which they practice. They may provide eligible clients with medically necessary NIHB eligible dental services, provided that the services are rendered within NIHB Program policies, guidelines and criteria, frequency limitations and predetermination requirements.

2.9 When claiming for services, it is the dental provider's responsibility to:

- a. verify the eligibility of the client;
- b. ensure that no limitations will be exceeded; and
- c. ensure compliance with NIHB coverage criteria, guidelines and policies.

3.0 Terms and Conditions

To be eligible for payment of services rendered, dental providers must adhere to the terms and conditions of the NIHB Program. These are detailed within in the Dental Claims Submission Kit (<http://www.provider.esicanada.ca/dentists.html>), including the procedures for verifying client eligibility and submitting NIHB benefit claims.

Dental providers are to assist NIHB clients in the completion and submission of claim forms for client reimbursements. All mandatory data elements, such as, but not limited to, supporting documents, tooth charting, tooth number, procedure code, date of service (DOS), client identification, client address, band number and/or family number and date of birth, must be completed on claim forms; provider and client (parent/legal guardian) signatures are mandatory.

4.0 Payment and Reimbursement

Dental providers are encouraged to bill the NIHB Program directly so that clients do not face charges at the point of service.

To be considered for payment/reimbursement, claims must be submitted to NIHB within one year from the date on which the service was provided. In addition, the service must be an eligible benefit under the Program and all NIHB policies and requirements for coverage apply. This applies to payments to NIHB enrolled dental providers for services rendered, and reimbursements to clients who have paid fees directly to a NIHB recognized dental provider for services.

All requests for client reimbursement of eligible benefits must include:

- Original receipt(s) for proof of payment;
- **NIHB Client Reimbursement Request Form** completed and signed and **ONE** of the following:
 - Association des Chirurgiens Dentistes du Québec Dental Claim and Treatment Plan Form;
 - Standard Dental Claim Form;
 - Canadian Association of Orthodontics Information Form.

OR

- Original receipt(s) for proof of payment;
- **NIHB Dental Claim Form (Dent-29)** completed and signed.

If applicable, a detailed statement or Explanation of Benefits (EOB) for all other health plan(s)/program(s) must be provided.

Note: Credit card/ debit (Interac) slips are not acceptable forms for proof of payment of original receipts. Original receipts are not required when they have been submitted first to the other health plan(s)/ program(s), and the detailed statement or EOB from them is attached along with a copy of the original receipt.

Claims submitted for clients who no longer have coverage with a third party must be supported with a letter from a client or the provider on behalf of the client, confirming that primary coverage does not exist.

4.1 Coordination of Benefits

Clients are required to access any public or private health or provincial/territorial programs for which they are eligible prior to accessing Non-Insured Health Benefits. When an NIHB-eligible client is also covered by another public or private health care plan, claims must be submitted to the client's other health care/benefits plan first. The NIHB Program will then coordinate payment with the other payer on eligible benefits.

4.2 Laboratory Fee Submission

Dental services requiring laboratory work must be predetermined. Laboratory fee submissions may be considered for coverage under the NIHB Program only in conjunction with an approved procedure code. However, Health Canada reserves the right to adjust the laboratory fee requested by dental providers.

5.0 Privacy

The NIHB Program of Health Canada is committed to protecting an individual's privacy and safeguarding the personal information in its possession.

When a benefit request is received, the NIHB Program collects, uses, discloses and retains an individual's personal information according to the applicable federal privacy legislation. The information collected is limited only to information needed for the NIHB Program to administer and verify benefit eligibility.

As a program of the federal government, NIHB must comply with the *Privacy Act*, the *Charter of Rights and Freedoms*, the *Access to Information Act*, Treasury Board policies and guidelines including, the Treasury Board of Canada Government Security Policy, and the Health Canada Security Policy.

6.0 Definitions

Exceptions: These are dental procedures that are outside the NIHB Program scope of benefits or procedures that require special consideration. Requests must be supported with a rationale and predetermination is mandatory.

Exclusions: These are dental procedures that are outside the mandate of the NIHB Program and will not be considered for coverage nor considered for appeal, such as but not limited to: implants and all implant related procedures, veneers, cosmetic services, ridge augmentation and Halstrom appliances.

Frequency Limitation: Limitations put against procedure codes so maximums are not exceeded, as specified in the current NIHB Regional Dental Benefit Grid and in the present *Dental Benefits Guide*.

Predetermination (PD): Predetermination is a method for the administration and adjudication of dental benefits. Predetermination is seeking review prior to proceeding with treatment and enables both the dental provider and client to understand the coverage commitments.

Post-determination (post-approval): Post-determination is a method for the administration and adjudication of dental benefits for service which has been rendered. This is a submission that may be considered for coverage under specific circumstances under the NIHB Program and must be supported with a rationale.

Appeal Process: This is a client-initiated process seeking reconsideration of a denied request under the NIHB Program. Please note that exclusions are not considered for appeal.

NIHB Dental Provider: Licensed and authorized dental professional enrolled with the NIHB Program.

Current Radiograph: Radiographs that are dated within one year of the submission.

7.0 Submission Requirements

The NIHB Program requires the following standard documentation and information for the review of any predetermination and post-determination (post-approval) request:

- ▶ Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).
- ▶ Comprehensive treatment plan from the treating and/or referring dentist/specialist, indicating all completed treatment **and** pending treatment needs including restorative, periodontal, prosthodontic, endodontic, orthodontic and surgical services.
- ▶ Current conventional or digital radiographs_(within last twelve months):
 - a. Periapical and bitewing radiographs:
 - must be of good diagnostic quality (i.e., size, resolution, contrast); and
 - must be mounted and labelled with the date of service, client name and provider name.
 - b. A panoramic radiograph may be submitted in addition to, but not in place of bitewing and periapical radiographs.

Please note: if duplicate radiographs are submitted they must identify the right or left side of the client's mouth.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

- ▶ Notation of all missing teeth.
- ▶ Periodontal charting, and/or Periodontal Screening and Recording (PSR), and/or Periodontal assessment.
- ▶ Periodontal tooth specific measurements (6 sites/tooth), where applicable. Please refer to the appropriate policy in this guide.

- ▶ All pertinent clinical findings/notes supporting the predetermination request.
- ▶ At Health Canada's request, other documentation may be required.

Please note: It is mandatory for dental providers to maintain a client chart/record documenting and supporting the services provided, claimed and paid by the NIHB Program. A procedure code and/or name are not sufficient as a client record to support payment. This statement applies to all claim requests under the NIHB Program (including predetermination and post-determination claims supported with a predetermination number).

8.0 NIHB Dental Procedures

8.1 Diagnostic Services

8.1.1 Examinations

Clients under seventeen (17) years of age are eligible for up to four (4) examinations and those seventeen (17) and older are eligible for up to three (3) examinations in any twelve (12) month period as long as these examinations are within their frequency limitations and are provided by any legally licensed dental professional.

These examinations can include:

- Examination and Diagnosis Complete; (once in any sixty (60) month period);
- Examination and Diagnosis Limited, New Patient;
- Examination and Diagnosis Recall;
- Examination and Diagnosis Specific or Examination and Diagnosis Emergency.

Frequency limitations take into account the overall interaction between paid claims and outstanding approvals for examination services rendered by the same provider, a different provider within the same office or a different office, within the twelve (12) month period.

Dental specialists and denturists examinations do not count against the eligible annual maximum examinations allowable.

8.1.2 Radiographs

All radiographs submitted with a treatment plan must be current, mounted, dated with the date of service, and of good diagnostic quality. The dental provider name and the client name must be indicated on the mount. Whenever duplicate radiographs are submitted, the dental provider must indicate on the radiograph whether the radiograph is on the right or left side of the client's mouth.

Radiographs are considered "current" for predetermination if dated within one year of PD submission.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

8.1.3 Laboratory tests, analysis

When submitting requests for coverage of laboratory tests/analysis, a copy of the laboratory report is required.

8.2 Preventive Services

For preventive services including polishing, scaling, fluoride treatments, pit and fissure sealants/preventive restorative resin services, please refer the Preventive and Periodontal Policy, which can be found in section 8.5 Periodontal Services.

8.3 Restorative Services

Repeat restorations/extensions for same tooth performed by same provider/office, excluding core/crown, within a two (2) year time frame is subject to audit and requires a written rationale documented in the clients chart on date of service delivery.

8.3.1 Restorations, Primary Teeth

Requirements for restoration of primary incisors teeth 51, 52, 61, 62, 71, 72, 81, 82:

- Clients under the age of five.
- Tooth is eligible once (1) in any 12-month period by same provider, same office.
- No combination of procedure codes/surfaces/classes involving, or not, distinct claim lines for the same tooth, should exceed in one visit the cost applicable to the collective number of procedure code/surfaces/classes restored, up to a maximum cost of a polycarbonate crown (the lesser amount to be paid).
- When both composite and amalgam procedure codes are billed on the same tooth, the system will pay at the cost of the lesser amount up to a maximum cost of a polycarbonate crown (the lesser amount to be paid).
- Bonded amalgams are covered at the rate of a non-bonded equivalent.

Requirements for restoration of primary teeth 53, 54, 55, 63, 64, 65, 73, 74, 75, 83, 84, 85:

- Tooth is eligible once (1) in any 12-month period by same provider, same office.
- No combination of procedure codes/surfaces/classes involving, or not, distinct claim lines for the same tooth, should exceed in one visit the cost applicable to the collective number of procedure code/surfaces/classes restored, up to a maximum cost of a SS (the lesser amount to be paid).
- When both composite and amalgam procedure codes are billed on the same tooth, the system will pay at the cost of the lesser amount up to a maximum cost of a SS (the lesser amount to be paid).
- Bonded amalgams are covered at the rate of a non-bonded equivalent.

8.3.2 Restorations, Permanent Teeth

Requirements for restoration of permanent anterior and posterior teeth:

- Tooth is only eligible once (1) in any 12-month period by the same provider, same office.
- No combination of procedure codes/surfaces/classes involving, or not, distinct claim lines for the same tooth, should exceed in one visit the cost applicable to the collective number of distinct surfaces restored, up to a maximum cost of a five surface restoration/complete tooth reconstruction (the lesser amount to be paid).
- When both composite and amalgam procedure codes are billed on the same tooth, the system will pay at the cost of the lesser amount up to a maximum cost of an amalgam five surface restoration/complete tooth reconstruction (the lesser amount to be paid).
- Bonded amalgams are covered at a rate of a non-bonded equivalent.

8.3.3 Caries, Trauma and Pain Control

Caries, trauma and pain control procedures will not be considered for coverage in conjunction with any of the following procedures: restorations, open and drain, pulpectomy, pulpotomy or root canal, if requested with the same date of service and for the same tooth.

8.3.4 Cores and Posts

Cores are eligible **only** if existing restoration is greater than twelve (12) months old, and may be considered for coverage **only** in conjunction with an approved predetermination crown request.

Bonded amalgam cores are covered at a rate of a non-bonded equivalent.

A prefabricated post/pin is eligible only when inadequate coronal tooth structure is remaining to retain a restoration.

Prefabricated posts in combination with core, including pin(s) where applicable, may be considered for coverage **only** in conjunction with an approved predetermination crown request. When a prefabricated post, pin(s), and a core procedure codes are requested individually for the same tooth for a crown, the Program will adjust the fee at the rate of the combination procedure code.

8.3.5 Crowns

Crown Policy

1.0 General Principles

- The Non-Insured Health Benefits Program (NIHB) will consider coverage for a crown when both the eligibility and restorability criteria have been met.
- All crowns require a predetermination.
- There is a frequency limitation of one (1) crown in any three (3) year period per client.
- Only single unit metal or porcelain-fused to metal crowns are eligible under the NIHB Program.

- Porcelain/ceramic crowns, including fortified/reinforced porcelain/ceramic crowns, are not a covered benefit under the NIHB Program (exclusions).
- All basic treatment addressing any existing active biological disease (caries and periodontal), must be completed before submitting requests for crowns.
- The NIHB Program will not consider coverage for a crown:
 - o to improve aesthetics;
 - o to treat sensitivity due to cracked tooth syndrome, erosion, abrasion or attrition;
 - o to treat stress fractures or chipping on teeth that have a minimal restoration or no restoration; and
 - o for high caries risk individuals or those with generalized moderate to severe periodontal disease when there is evidence of long-standing, uncontrolled and/or untreated rampant biological disease (either caries or periodontal disease).

2.0 Predetermination Documentation Requirements for Crowns

The NIHB Program requires the following documentation for the review of a crown predetermination request:

- ▶ Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).
- ▶ Comprehensive treatment plan from the treating and/or referring dentist/specialist, indicating all completed treatment **and** pending treatment needs including restorative, periodontal, prosthodontic, endodontic, orthodontic and surgical services.
- ▶ Current conventional or digital radiographs (within last twelve months).
 - a. Periapical and bitewing radiographs:
 - must be of good diagnostic quality (i.e., size, resolution, contrast); and
 - must be mounted and labelled with the date of service, client name and provider name.
 - b. A postoperative periapical radiograph must be submitted for a tooth that has been endodontically treated in the last 12 months.
 - c. A panoramic radiograph may be submitted in addition to, but not in place of bitewing and periapical radiographs.

Please note: if duplicate radiographs are submitted they must identify the right or left side of the client's mouth.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

- ▶ Notation of all missing teeth.
- ▶ Periodontal charting, and/or Periodontal Screening and Recording (PSR), and/or Periodontal assessment.
- ▶ Periodontal measurements (6 sites/tooth) for the tooth/teeth under review.

- ▶ All pertinent clinical findings/notes supporting the predetermination request.

3.0 Tooth Eligibility

The NIHB Program will consider coverage of a single unit crown for:

- incisors, canines, bicuspid and first molars;
- second molars: may be considered for coverage where the first molar is missing and the second molar is in occlusion with a prosthetic or natural molar;
- clients 18 years of age and older; and
- eligible teeth, once per tooth in any eight (8) year period (96 months).

4.0 Tooth Restorability

The NIHB Program will consider coverage of a single unit crown on endodontically and non-endodontically treated teeth when **all** of the following criteria are met:

- Adequate periodontal support, based on alveolar bone levels (crown to root ratio of at least 1:1) visible on submitted radiographs with absence of furcation involvement;
- Absence of active periodontal disease;
- Adequate remaining non-diseased tooth structure to ensure that biologic width is maintained and adequate ferrule is achieved during restoration;
- An extensively restored tooth (more than four continuous surfaces), where the existing tooth structure can no longer support the direct restoration and where there is a repeated history of restoration failure;
- A mesio-distal width equivalent to that of the natural tooth with no loss of space due to caries or crowding;
- A tooth that does not require any additional treatment such as crown lengthening, root resectioning or orthodontic treatment; and
- Endodontically treated teeth must be proven successful as demonstrated on a postoperative periapical radiograph showing that healing has occurred.

5.0 Non-Inserted Crown Policy

The NIHB Program may consider paying up to 20% of the current NIHB professional fee and 100% of the laboratory fee, if applicable, for non-inserted crowns under the following conditions:

- The crown has been completed but not inserted due to circumstances beyond the control of the dental provider;
- The provider has made substantial efforts to contact the client to schedule an insertion appointment; and
- The provider has communicated the details of the situation in writing to their respective dental predetermination office.

Please note: A non-inserted crown that has been claimed and paid in full, without complying with the above noted conditions, will result in recovery.

8.4 Endodontic Services

Important notice regarding the Endodontic Trial Project

As of April 1 2011, the Non-Insured Health Benefits (NIHB) Program has initiated a nationwide two year endodontic trial project to assess the merits, feasibility and the appropriateness of removing predetermination requirement for standard root canal treatment (RCT) procedures on bicuspid and first molars (more information may be found on the 'Spring 2011 Dental Newsletter' available on the ESI Dental Provider website: <http://www.provider.esicanada.ca/>)

The general conditions of the Trial Project are as follows:

- The predetermination requirement has been removed for standard root canal treatment (RCT) procedures on permanent bicuspid and first molars including the following procedure codes:
 - o 33111, 33121, 33131, 33141
 - o Québec : 33100, 33200, 33300, 33400, 33475, 33111 EN, 33121 EN, 33131 EN, 33141 EN, 33150 PA, 33160 PA, 33170 PA, 33180 PA
- A frequency limitation of three (3) standard RCT procedures in 36 months has been system implemented for all teeth. Once the frequency has been reached, subsequent standard RCT procedures require a predetermination.
- All claimed endodontic services must meet the current Endodontic Policy.
- NIHB Headquarters (HQ) will contact providers of randomly selected paid standard root canal cases to request all supporting documentation outlined in the endodontic policy. Failure to submit required documentation may result in recoveries.
- NIHB HQ will communicate directly with treating providers for cases that did not meet the endodontic policy.
- Health Canada Regional Offices, also, maintain the right to request supporting documentation for paid endodontic cases which will be reviewed against the NIHB endodontic policy.

Endodontic Policy

1.0 General Principles

- Predetermination **is required** for root canal treatment (RCT) on premolars and molars. For the duration of the trial project, bicuspid and first molars do not require predetermination. However, second and third molars continue to require predetermination as per the endodontic policy.
- Predetermination **is not required** for RCT on anterior teeth (13 - 23, and 33 - 43 inclusive); however the NIHB Program reserves the right to request preoperative records to ensure compliance with the endodontic policy.
- There is a frequency limitation of three (3) standard RCT procedures in 36 months for all teeth. Once the frequency has been reached, subsequent standard RCT procedures require a predetermination.
- The NIHB Program will consider coverage for a RCT when both the eligibility and restorability criteria have been met and the need of the requested treatment for the health of the client is evident and supported in the documentation submitted.

- The NIHB Program will not consider coverage for a RCT for high caries risk individuals or those with generalized moderate to severe periodontal disease when there is evidence of long-standing, uncontrolled and/or untreated rampant biological disease (either caries or periodontal disease).

2.0 Predetermination Documentation Requirements for Root Canal Treatment

The NIHB Program requires the following documentation for the review of a root canal treatment predetermination request:

- Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).
- Comprehensive treatment plan from the treating and/or referring dentist /specialist indicating all completed treatment **and** pending treatment needs including restorative, periodontal, prosthodontic, endodontic, orthodontic and surgical services.
- Current conventional or digital radiographs_(within last twelve months).
 - a. Periapical and bitewing radiographs:
 - must be of good diagnostic quality (i.e., size, resolution, contrast); and
 - must be mounted and labelled with the date of service, client name and provider name.
 - b. A panoramic radiograph may be submitted in addition to, but not in place of bitewing and periapical radiographs.

Please note: if duplicate radiographs are submitted they must identify the right or left side of the client's mouth.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

- ▶ Notation of all missing teeth.
- ▶ Periodontal charting, and/or Periodontal Screening and Recording (PSR), and/or Periodontal assessment.
- ▶ Periodontal measurements (6 sites/tooth) for the tooth/teeth under review.
- ▶ All pertinent clinical findings/notes supporting the predetermination request.

3.0 Tooth Eligibility

The NIHB Program will consider coverage of an RCT on:

- incisors, canines, bicuspid and first molars; and
- second molars: may be considered for coverage where the first molar is missing and the second molar is in occlusion with a prosthetic or natural

4.0 Tooth Restorability

The NIHB Program will consider coverage of an RCT when **all** of the following criteria are met:

- Adequate periodontal support, based on alveolar bone levels (crown to root ratio of at least 1:1) visible on submitted radiographs with absence of furcation involvement;
- Absence of active periodontal disease;
- Adequate remaining non-diseased tooth structure to ensure that biologic width can be maintained during restoration;
- A mesio-distal width equivalent to that of the natural tooth with no loss of space due to caries or crowding; and
- A tooth that does not require any additional dental treatment such as crown lengthening, root resectioning or orthodontic treatment.

Please note:

- Incomplete approved RCT requests will be paid to the equivalent of a pulpectomy.
- The final fee for a RCT includes the cost associated with a pulpectomy/pulpotomy and open and drain within the three month period prior to the completion of the RCT, when performed by the same provider/ same office.
- The final fee for a RCT or pulpectomy/pulpotomy includes the fee for the temporary restoration and its replacement if required.
- Coverage for pulpectomy/pulpotomy is once (1) per tooth/per lifetime.
- Pulpotomies and pulpectomies are not eligible on primary incisor teeth number 51, 52, 61, 62, 71, 72, 81, 82.

8.5 Periodontal Services

Preventive and Periodontal Policy

1.0 General Principles

- Predetermination (PD) is not required for scaling and root planing services up to the annual maximum allowable units; for any additional units, predetermination is required. Please refer to Table 1.1.1.
- Predetermination requests must be supported with all items listed in the **Predetermination Documentation Requirements for Preventive and Periodontal Services** (Section 1.2.3).
- All preventive and periodontal procedures claimed must be supported with proper, clear, and detailed documentation for verification against the Non-Insured Health Benefits (NIHB) Program's terms and conditions. A procedure code or procedure name is not sufficient in a client record to support payment.

1.1 Preventive Services

1.1.1 Polishing, Fluoride Treatment, Scaling and Root Planing

Age	0-11 years	12-16 years	17+ years

* Please refer to 8.1. Diagnostic Services section for frequency guidelines.

1.1.2 Sealants and Preventive Resin Restorations

- Clients under the age of fourteen (14) are covered for sealants and preventive resin restorations on the occlusal surface of permanent molar teeth (16, 26, 36, 46, 17, 27, 37, 47) and on the lingual surface of permanent maxillary incisor teeth (11, 12, 21, 22) where surfaces are unrestored.

1.2 Periodontal Services

1.2.1 Scaling and Root Planing (additional units)

- A predetermination is required for the NIHB Program to consider coverage for additional units of scaling and root planing in any 12 month period over the maximum allowable units covered without a predetermination. Please refer to Table 1.1.1.
- Eligibility for additional units of scaling and root planing will be based on several factors including, but not limited to:
 - o The severity of periodontal disease based on current (within the last 12 months) clinical notes, diagnosis and prognosis, complete periodontal charting, and radiographs;
 - o Comprehensive treatment plan addressing all client oral health needs;
 - o The date of the last visit for periodontal and preventive services;
 - o The regularity and compliance of periodontal maintenance; and
 - o Medical condition relative to periodontal diseases including any prescribed medication.

1.2.2 Surgical Services

- Periodontal surgeries are **not** eligible services under the NIHB Program, however certain surgeries may be considered for coverage on an exception basis (PD required):
 - o Gingivoplasties/gingivectomies for the treatment of drug-induced gingival

- o Gingival grafts for the treatment of gingival recession leading to minimally attached/keratinized gingiva on a tooth that is a critical abutment for a removable prosthesis.

Note: Coverage for gingival grafts on teeth that show chronic periodontal disease or to improve esthetics will not be considered.

1.2.3 Predetermination Documentation Requirements for Preventive and Periodontal Services

The NIHB Program requires the following documentation for the review of a preventive/periodontal service predetermination request:

- ▶ Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).
- ▶ Comprehensive treatment plan from the treating and/or referring dentist/specialist, indicating all completed treatment **and** pending treatment needs including restorative, periodontal, prosthodontic, endodontic, orthodontic, and surgical services.
- ▶ Current conventional or digital radiographs (within the last twelve months).
 - a. Periapical and bitewing radiographs:
 - must be of good diagnostic quality (e.g., size, resolution, contrast); and
 - must be mounted and labeled with the date of service, client name, and provider name.
 - b. A panoramic radiograph may be submitted in addition to, but not in place of bitewing and periapical radiographs.

Please note: If duplicate radiographs are submitted, they must identify the right or left side of the client's mouth.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

- ▶ Periodontal charting with information regarding:
 - o Missing teeth;
 - o Probing depths (6 sites/tooth);
 - o Recession;
 - o Area of minimal attached gingiva;
 - o Mobility;
 - o Bleeding on probing, suppuration;
 - o Plaque (generalized/localized, minimal/moderate/abundant);
 - o Calculus (generalized/localized, minimal/moderate/abundant);
 - o Furcation; and
 - o Abscess/fistula.
- ▶ Periodontal diagnosis and prognosis.
- ▶ All pertinent clinical findings/notes supporting the predetermination request.

8.6 Removable Prosthodontic Services

Removable Prosthodontic Policy

1.0 General Principles

- Predetermination is required for complete and partial dentures.
- Complete and partial dentures supported by implants along with all implant related procedures are not a covered benefit under the Non-Insured Health Benefits (NIHB) Program (exclusions).

2.0 Removable Partial Dentures

2.1 General Principles

Removable partial dentures are covered once in any eight (8) year period (96 months) per arch. Within this period, replacement with any type of removable denture (including complete dentures) may not be considered for coverage; however, they may be considered for modifications as per the needs of the client.

2.2 Predetermination Documentation Requirements for Partial Dentures

The NIHB Program requires the following documentation for the review of a partial denture predetermination request:

- ▶ Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).
- ▶ Comprehensive treatment plan from the treating and/or referring dentist/specialist indicating all completed treatment **and** pending treatment needs including restorative, periodontal, prosthodontic, endodontic, orthodontic and surgical services.
- ▶ Current conventional or digital radiographs (within last twelve months):
 - a. Periapical radiographs of abutment teeth and bitewing radiographs:
 - must be of good diagnostic quality (i.e., size, resolution, contrast);
 - and
 - must be mounted and labelled with the date of service, client name and provider name.
 - b. A panoramic radiograph may be submitted in addition to, but not in place of bitewing and periapical radiographs.

Please note: if duplicate radiographs are submitted they must identify the right or left side of the client's mouth.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

- ▶ Notation of all missing teeth.
- ▶ Periodontal charting, and/or Periodontal Screening and Recording (PSR), and/or Periodontal assessment.
- ▶ Periodontal measurements (6 sites/tooth) for all of the abutment teeth.
- ▶ All pertinent clinical findings/notes supporting the predetermination request.

Please note: At Health Canada's request, diagnostic models or other documentation may be required.

2.3 Eligibility

The NIHB Program will consider coverage for a partial denture for teeth numbered 16 to 26 and 36 to 46 inclusive, under the following conditions:

- **General conditions:**
 - o All basic treatment must be completed including:
 - control of caries and of periodontal and periapical disease for all teeth; and
 - restoration of major structural defects in the abutment teeth;
 - o The space to be replaced is greater than or equal to the corresponding natural teeth;
 - o All abutment teeth must have:
 - adequate periodontal support, based on alveolar bone levels (crown to root ratio of at least 1:1) visible on submitted radiographs; and
 - absence of active periodontal disease; and
 - o If there is an existing partial denture, it must be at least eight (8) years old.

Please note: If there is evidence of periodontal disease, the NIHB Program may cover up to the cost of a removable acrylic partial denture.

- **Specific conditions:**
 - o There must be one or more missing teeth in the anterior sextant; or
 - o There must be two or more missing posterior teeth in a quadrant excluding second and third molars.

3.0 Complete Dentures

3.1 General Principles

- Complete dentures are covered once in any eight (8) year period per arch.
- For replacement of a standard complete denture that is at least eight (8) years old, dental providers have the option to fax their request directly to their respective dental predetermination office. Dental providers must

confirm clients' eligibility with Express Scripts Canada before faxing the request. All requests must comply with current supporting documentation requirements.

- The fee for complete dentures includes three months post-insertion care including adjustments and modifications.
- The fee for immediate complete dentures includes the tissue conditioner, but not the processed reline/rebase.

3.2 Predetermination Documentation Requirements for Complete Dentures

The NIHB Program requires the following documentation for the review of a complete denture predetermination request:

- ▶ Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).
- ▶ Notation of all missing teeth or planned extractions.
- ▶ Panoramic X-ray (if available).
- ▶ All pertinent clinical findings/notes supporting the predetermination request.

Please note: At Health Canada's request, diagnostic models or other documentation may be required.

3.3 Eligibility

The NIHB Program will consider coverage for a complete denture:

- For an initial placement; or
- For replacement of an existing complete denture that is at least eight (8) years old.

4.0 Non-Inserted Removable Prosthodontic Policy

4.1 Standard Partial Dentures and Complete Dentures

The NIHB Program may consider paying up to 20% of the current NIHB professional fee and 100% of the laboratory fee, if applicable, for non-inserted dentures under the following conditions:

- The denture has been completed but not inserted due to circumstances beyond the control of the dental provider;
- The provider has made substantial efforts to contact the client to schedule an insertion appointment; and
- The provider has communicated the details of the situation in writing to their respective dental predetermination office.

4.2 Immediate Dentures

The NIHB Program may consider paying up to 100% of the current NIHB professional fee and 100% of the laboratory fee, if applicable, for non-inserted immediate dentures under the following conditions:

- The provider who fabricated the immediate denture is different from the provider who was scheduled to do the extraction(s) and insertion;
- Substantial efforts have been made by both providers to contact the client to reschedule the missed extraction/insertion appointment; and
- The provider who fabricated the immediate denture has communicated the details of the situation in writing to their respective dental predetermination office.

Please note: A non-inserted denture (any type) that has been claimed and paid in full, without complying with the above noted conditions, will result in recovery.

8.7 Oral Surgery Services

Implants and ridge augmentation are exclusions under the NIHB Program.

Complex/surgical extractions and major surgical procedures require predetermination and must be supported by clinical findings/notes and radiographs.

Complex/surgical extraction requests may be submitted as post-determinations and must be supported by clinical findings/notes and radiographs in order to be considered for coverage.

8.8 Orthodontic Services

Orthodontic Policy

The NIHB Program covers a limited range of orthodontic services for eligible First Nations and Inuit clients when there is a severe and functionally handicapping malocclusion.

Predetermination is required for all orthodontic services.

The NIHB Program covers orthodontic services for cases characterized by the following clinical criteria:

- Dento-facial anomalies, such as cleft lip and palate - No age restriction
- Combination of marked skeletal discrepancy and a marked dental discrepancy (anteroposterior, transverse, and/or vertical) - Under 18 years of age

The purpose of the orthodontic treatment must be to resolve the identified discrepancies.

The NIHB Program covers three (3) types of orthodontic treatment modalities:

1. Comprehensive treatment for severe and functionally handicapping malocclusion;
2. Limited treatment for severe and functionally handicapping malocclusion;
3. Interceptive and/or Preventive treatment for severe and functionally handicapping malocclusion.

The overall cost for multiple phases of treatment cannot exceed the total fee of what would be charged for malocclusion of similar severity treated in one phase. For limited and interceptive/preventive treatment, the NIHB orthodontist fee is calculated by using the respective general practitioner provincial/territorial NIHB grid. Laboratory fees and adjustments costs are added to the approved professional fee. The final amount approved for an orthodontist is then adjusted with an increase of 20%.

The NIHB Program **does not** cover orthodontic treatment to address the following:

- Facial esthetics (e.g. significant crowding associated with a functional buccal segment)
- Psychological purposes (e.g. self-esteem cases)
- Temporomandibular disorders
- Non-handicapping malocclusion (e.g. crossbite relationships without an associated significant functional shift)
- Skeletal discrepancies with a functional pattern

8.8.1 Documentation and Information Required for Predetermination

Health Canada relies on dental providers to assist individuals submit the required information in order for a review to take place.

Complete cases must be received by NIHB prior to client's 18th birthday to be eligible for assessment.

One of the following forms must be completed and submitted with the claim request: a Standard Dental Claim Form, ACDQ Dental Claim and Treatment Plan Form, computer generated form, or NIHB DENT-29 form.

The orthodontic alpha-numeric payment codes or the exact wording must be used when submitting for orthodontic treatment. Please refer to the dental claims submission kit for details (ESI Provider Website at <http://www.provider.esicanada.ca/dentists.html>).

8.8.2 Comprehensive Orthodontic Treatment Submission Requirements

Comprehensive orthodontic treatment requests submitted to the Orthodontic Review Centre must include:

A. Narrative

- identify the condition for which the treatment is being requested;
- explain diagnosis and prognosis;
- note basic treatment completed to date, including patient's oral hygiene status and motivation;
- include detailed treatment plan;
- estimate duration of active and retention phases of treatment and cost(s); and
- additional relevant supporting information.

B. Complete Diagnostic Records

- diagnostic orthodontic models (trimmed with occlusal registration);
- cephalometric radiographs(s) and tracing;
- photographs, (three intra oral, three extra oral); and
- panoramic radiograph or full mouth series.

One of the following forms is to be completed and submitted with the claim request; a Standard Dental Claim Form, ACDQ Dental Claim and Treatment Plan Form, computer generated form, or NIHB DENT-29 form.

8.8.3 Interceptive Treatment Submission Requirements

As a prevention initiative, coverage may be considered for the provision of interceptive orthodontic treatment (80000 series procedures) in the mixed dentition phase of dental development associated with a severe malocclusion (less than 18 years of age).

a) This aspect of the NIHB Program includes treatment to resolve three types of discrepancies:

1. Control of Oral Habits (i.e., palatal crib and bluegrass appliances);
2. Anterior and/or posterior cross-bites corrections, dental arch expansion and space regaining (i.e., removable or fixed appliances); and
3. Growth modification (i.e., Headgear, *Bionator*, *Frankel*, *Twin Block*, and *Van Beek* activator, as appliances).

Interceptive requests submitted to the Orthodontic Review Centre must include:

- diagnostic records including working models (trimmed) and a panoramic radiograph;
- a narrative indicating treatment objective(s), a treatment plan, projected active treatment time and anticipated fee; and
- an appropriate completed form as listed above under section 8.9.2 B.

b) The overall cost for multiple phases of treatment will not exceed the total fee of what would be charged for malocclusion of similar severity treated in one phase.

8.9 Adjunctive Services

Sedation and General Anaesthesia Policy

1.0 General Principles

- All 90000 series codes, which include sedation, general anaesthesia and/or facility fees, require predetermination.
- The Non-Insured Health Benefits (NIHB) Program provides coverage for the following 90000 related services (including facilities, where applicable):
 - Deep sedation and general anaesthesia;
 - Moderate sedation:
 - a. parenteral conscious sedation (intravenous and/or intramuscular);
 - b. combined technique of inhalation plus intravenous and/or intramuscular injection; and
 - c. nitrous oxide with oral sedation (multiple sedative drugs);
 - Minimal sedation:
 - a. oral sedation;
 - b. nitrous oxide; and
 - c. nitrous oxide with oral sedation (single sedative drug).
- All sedation codes include the cost of sedation medication.
- Providers must adhere to the conditions of licensing, certification, accreditation and registration as per provincial/territorial and/or dental regulations to submit a claim to the NIHB Program.
- If provinces/territories provide and cover general anaesthesia and deep sedation for dental services to residents at no charge through their provincial/territorial health care insurance plan, social programs, publicly funded programs, NIHB will not cover these benefits provided in any facility. Clients under the NIHB Program will be expected to access these dental services through their provincial/territorial health care insurance plan, social program, publicly funded program or private insurance plan.

1.1 Utilization of Private Facilities

- NIHB will not provide coverage for the use of private facilities if the client has coverage for this under their private insurance plan, provincial/territorial health care insurance plan, social program or other publicly funded program. If clients choose to use a private facility, they will be responsible for the costs incurred.
- The NIHB Program may consider coverage for the use of a private facility on an exception basis, subject to the Program criteria and guidelines and unique regional, provincial/territorial circumstances. If NIHB is to assume any financial costs, predetermination must be obtained prior to the dental services being rendered.

2.0 Predetermination Documentation Requirements for Sedation and General Anaesthesia

The NIHB Program requires the following documentation for the review of a sedation/general anaesthesia predetermination request:

- Predetermination request on one of the following forms: Complete Standard Dental Claim Form, ACDQ Dental Claim and Treatment Form, computer generated form, or NIHB Dental Claim Form (Dent-29).

- ▶ Comprehensive treatment plan from the treating and/or referring dentist/specialist indicating all completed treatment **and** pending treatment needs including restorative, periodontal, prosthodontic, endodontic, orthodontic, and surgical services.
- ▶ Rationale and/or documents to support the request for sedation or general anaesthesia. Please refer to specific eligibility criteria for each method of sedation.
- ▶ Current conventional or digital radiographs (within the last twelve months).
 - a. Preoperative periapical and bitewing radiographs (if preoperative radiographs cannot be taken due to uncooperative behaviour, perioperative or postoperative radiographs must be submitted):
 - must be of good diagnostic quality (e.g., size, resolution, contrast); and
 - must be mounted and labelled with the date of service, client name and provider name.
 - b. A panoramic radiograph may be submitted in addition to, but not in place of bitewing and periapical radiographs.

Please note: if duplicate radiographs are submitted they must identify the right or left side of the client's mouth.

When submitting enlarged digital radiographs, of any type, dental providers are requested to print a measurement scale on the radiograph to facilitate the assessment.

- ▶ Notation of missing teeth.
- ▶ At Health Canada's request, other documentation may be required.

3.0 General Anaesthesia and Deep Sedation

3.1 General Principles

- A frequency limitation of once in any twelve (12) month period applies.
- The NIHB Program will cover up to a regional maximum dollar value of general anaesthesia/deep sedation and facility fees in any 12 month period.
- To limit the associated risks with repeat general anaesthesia and deep sedation, dental providers should ensure, where possible, that all dental services performed under general anaesthesia and deep sedation are completed in one session.
- If multiple appointments are required, providers must submit a predetermination request along with a comprehensive treatment plan and supporting documentation (please see section 2.0., for the complete list) prior to the initiation of the treatment.

Please note: Stainless steel crowns and plastic crowns should be considered for:

- ▶ high caries risk clients under the age of four;
- ▶ restoration of primary molars and anterior teeth with two or more carious surfaces; and/or
- ▶ restoration of primary molars following a pulpotomy or pulpectomy.

- Providers must ensure that other adjunctive services such as minimal or moderate sedation have been considered prior to requesting general anaesthesia or deep sedation.

3.2 Coverage eligibility for clients under 12 years of age

To be eligible for coverage for general anaesthesia or deep sedation, clients under 12 years of age must have:

- complex or extensive treatment needs; and
- all deciduous teeth should be erupted;
- and
- severe age related behaviour management limitations; or
- a significant medical condition or physical impairment.

Please note: If there are unerupted deciduous teeth present in the mouth please contact your respective dental predetermination office to discuss the predetermination request prior to proceeding with treatment.

3.3 Coverage eligibility for clients 12 years of age and older

General anaesthesia and deep sedation are not covered for the management of dental anxiety.

To be eligible for coverage for general anaesthesia or deep sedation, clients 12 years of age and older must:

- require significant surgical procedures¹ that are medically necessary; or
- have a significant medical condition or physical impairment.

4.0 Moderate Sedation

4.1 General Principles

- A frequency limitation of once in any twelve (12) month period applies.
- The NIHB Program will cover up to a regional maximum dollar value of moderate sedation modalities in any 12 month period.
- Applies to parenteral sedation, combined technique of inhalation plus intravenous and/or intramuscular injection, and nitrous oxide combined with oral sedative drugs.
- To limit the associated risks with repeat moderate sedation, dental providers should ensure, where possible, that all dental services performed under moderate sedation are completed in one session.
- If multiple appointments are required, providers must submit a predetermination request along with a comprehensive treatment plan and supporting documentation (please see section 2.0., for the complete list) prior to the initiation of the treatment.

¹ Significant surgical procedures may include, without being limited to:

- three (3) or more extractions of fully or partially impacted teeth;
- full mouth clearance involving 10 or more teeth.

- Providers must also ensure that other adjunctive services such as minimal sedation have been considered prior to requesting moderate sedation.

4.2 Coverage eligibility for clients under 12 years of age

To be eligible for coverage for moderate sedation, clients under 12 years of age must have:

- severe age related behaviour management limitations; or
- a significant medical condition or physical impairment; and
- complex or extensive treatment needs.

4.3 Coverage eligibility for clients 12 years of age and older

Moderate sedation is not covered for the management of dental anxiety.

To be eligible for coverage for moderate sedation, clients 12 years of age and older must:

- require significant surgical procedures² that are medically necessary; or
- have a significant medical condition or physical impairment and require complex or extensive treatment.

5.0 Minimal Sedation

5.1 General Principles

- The NIHB Program will cover up to a regional maximum dollar value of minimal sedation in any 12 month period.
- Applies to nitrous oxide, a single oral sedative drug, or a combination of nitrous oxide/oxygen and a single sedative drug.

5.2 Coverage eligibility for clients under 12 years of age

To be eligible for coverage for minimal sedation, clients under 12 years of age must have:

- severe age related behaviour management limitations;
- a significant medical condition or physical impairment;
- complex or extensive treatment needs; or
- a strong gag reflex that prevents dental care.

5.3 Coverage eligibility for clients 12 years of age and older

Minimal sedation is not covered for the management of dental anxiety, however it may be considered for the management of a documented dental phobia³.

To be eligible for coverage for minimal sedation, clients 12 years of age and older must:

- require significant surgical procedures that are medically necessary; or
- have a significant medical condition or physical impairment.

² Id., previous footnote.

³ A letter from a physician, psychiatrist or recognized psychologist must be submitted with the predetermination request.

C. Client Eligibility

To be eligible for NIHB Program benefits, a person must be a Canadian resident and have the following status:

- a registered Indian according to the Indian Act; or
- an Inuk recognized by one of the following Inuit Land Claim organizations - Nunavut Tunngavik Incorporated, Inuvialuit Regional Corporation, Makivik

Corporation. For an Inuk residing outside of their land claim settlement area, a letter of recognition from one of the Inuit land claim organizations and a birth certificate are required; or

- an infant, less than one year of age (1), whose parent is an eligible client; and
- is currently registered or eligible for registration, under a provincial or territorial health insurance plan; and
- is not otherwise covered under a separate agreement (e.g. a self government agreement) with federal, provincial or territorial governments.

Please note:

The following individuals are excluded from the NIHB Program:

- o First Nations and Inuit clients incarcerated in a federal provincial/territorial or municipal corrections facility;
- o First Nations children who are in the care of a provincial/territorial social service agency; and
- o Those individuals who are in a provincially/territorially funded institutional setting, such as nursing homes.

Health benefit requests for these individuals should be submitted to the appropriate organization.

To facilitate verification, dental providers should provide the following client identification information in each claim:

- surname (under which the Client is registered);
- given names (under which the Client is registered);
- date of birth (dd/mm/yyyy); and
- client identification number.

It is recommended that dental providers ask clients to present their identification card upon each visit to ensure that client information is entered correctly and to protect against mistaken identity.

For recognized Inuit clients, one of the following identifiers is required:

1. **Government of the Northwest Territories health plan number**, which begins with the letter "T" and is followed by seven digits. This number is valid in any region of Canada and is cross-referenced to the First Nations and Inuit Health (FNIH) Regional Office client identification number.
2. **Government of Nunavut health plan number**, which is a nine-digit number starting with a "1" and ending with a "5". This number is valid in any region of Canada and is cross-referenced to the FNIH Client identification number.
3. **FNIHB Client Identification Number (N-Number)**, which begins with the letter "N" and is followed by eight digits. This is a client identification number issued by the First Nations and Inuit Health Branch at Health Canada to recognized Inuit clients.

For registered First Nations clients, one of the following identifiers is required:

1. **Indian and Northern Affairs Canada registration number**, which is a 10-digit number. Also known as the Department of Indian Affairs on Northern

- Development, Treaty or Status number, this registration number is the preferred method of identifying First Nations clients.
2. **Band Number and Family Number**, where applicable.
 3. **FNIHB Client Identification Number (B-Number)**, which begins with the letter "B" and is followed by eight digits.

For *infants under one year of age* who are not yet registered with Indian and Northern Affairs Canada or applicable Inuit associations, dental providers communicate with the appropriate Health Canada regional office.

More detailed information about client eligibility is included in section 6.1 of the Dental Claims Submission Kit which can be found on the ESI Provider Website at <http://www.provider.esicanada.ca/dentists.html>.

D. Appeal Process

General Information for Dental, including Orthodontic Services

Clients eligible for the NIHB Program have the right to appeal the denial of a benefit with the exception of items that are identified as exclusions.

There are three levels of appeal available to NIHB clients. Appeals must be submitted in writing and must be initiated by the client/parent/guardian. At each stage, the appeal must be accompanied by supporting documentation.

At each level of the appeal process, the information will be reviewed by a different dental professional that will provide recommendations to the Program.

Following the review, at each level of the appeal process, the client/parent/guardian will be provided with a written explanation of the decision taken.

Mailing instructions for dental services

■ **Level 1 Appeal:**

The client/parent/guardian must initiate the appeal process and address their submission to the NIHB Regional Dental Officer/NIHB Regional Manager, First Nations and Inuit Health.

*For those regions where the dental predetermination services have been centralized, the client/parent/guardian must address their submission to the Director, Benefit Review Services Division, and forward their documentation to the National Dental Predetermination Centre.

■ **Level 2 Appeal:**

If the client/parent/guardian does not agree with the Level 1 appeal decision, they may initiate the second level of appeal. The submission should be addressed to the Regional Director, First Nations & Inuit Health.

*For those regions where the dental predetermination services have been centralized, the client/parent/guardian must address their submission to the

Director, Benefit Management Division, and forward their documentation to the National Dental Predetermination Centre.

- **Level 3 Appeal:**

If the client/parent/guardian does not agree with the Level 2 appeal decision, they may initiate the third and final level of appeal. The submission should be addressed to the NIHB Director General, and the documentation forwarded to the National Dental Predetermination Centre.

Specific information for orthodontic services

In order for a client to be eligible for an appeal for orthodontic services, a Predetermination (PD) submission must have been received by NIHB's Orthodontic Review Centre (ORC) prior to client's 18th birthday.

If coverage for orthodontic treatment has been denied, the client, the parent or the legal guardian of the client has the right to appeal the decision. All three levels of appeal must be accompanied with the supporting documentation provided by the dental practitioner and be completed prior to the client's 19th birthday.

The review for all three levels of appeal will be based on the most current records obtained prior to the commencement of orthodontic treatment.

If a client decides to start an orthodontic treatment after the request for coverage was denied by the NIHB Program, the client may still access the appeal process, as long as the treatment was predetermined before the age of 18, and all levels of appeal are completed before the age of 19. If a client chooses to start an orthodontic treatment following a denial for coverage of orthodontic services under the NIHB Program, all three (3) levels of appeal must be initiated and submitted with all the documentation and information required for predetermination within one year period from the date of service/ insertion date (for the complete list of submission requirements, refer to section 8.8.1).

Mailing instructions for orthodontic services

- **Level 1 Appeal:**

The client/parent/guardian must initiate the appeal process and address their submission to the Director, Benefit Review Services Division, and forward their documentation to the ORC

- **Level 2 Appeal:**

If the client/parent/guardian does not agree with the Level 1 appeal decision, they may initiate the second level of appeal. The submission should be addressed to the Director, Benefit Management Division, and the documentation forwarded to the ORC.

- **Level 3 Appeal:**

If the client/parent/guardian does not agree with the Level 2 appeal decision, they may initiate the third and final level of appeal. The submission should be addressed to the NIHB Director General, and the documentation forwarded to the ORC.

E. Audit Program

The NIHB provider audit program ensures that the NIHB Program is accountable for the expenditure of public funds. The Health Information and Claims Processing Services (HICPS) contractor performs this audit function by verifying paid claims against dental records to confirm that the claims have been billed in compliance with the terms and conditions of the NIHB Program.

If under any circumstance (e.g. through pre or post determination, audit programs) it is found that a dental provider has inappropriately billed the Program, all monies will be recovered.

Detailed information about audit procedures and the responsibilities of dental providers for these audits are included in section 7.0 of the Dental Claims Submission Kit which can be found on the ESI Provider Website at <http://www.provider.esicanada.ca/dentists.html>

- The coverage of dental services provided through the NIHB Dental Program will be reimbursed in accordance with the terms and conditions of the Program.
- Predetermination is required for specific procedures identified in this document with a "P", or procedures that are Independent Consideration (I.C.). Please review carefully before treatment.
- Post Determination may be considered in cases specified in the NIHB Dental Claims Submission Kit.
- Please refer to the NIHB Provider Guide for Dental Benefits and the NIHB Dental Policy Framework for further information on policies, guidelines and criteria of dental services eligible under the NIHB Program.

Laboratory Fees

- Predetermination Confirmation Letters:
 - o In-House Laboratory Fee: While the applicable in-house laboratory fee does not appear on the letter, it will be approved in conjunction with the professional fee.
 - o Commercial Laboratory Fee: A "+L" will appear on predetermination letters where an external lab fee is allowed.
- Claiming:
 - o In-House Laboratory Fee: When submitting a claim where in-house lab is allowed, only claim the professional fee. Please do not claim the in-house laboratory fee as this will be approved in conjunction with the professional fee and will be paid at the time of claims processing.
 - o Commercial Laboratory Fee: Please continue to submit commercial lab fees when submitting claims.

Should you have any questions, please contact the Provider Claims Processing Call Centre at 1-888-511-4666.
